| The SCABOX Series Junction Box is engineered for robust performance, featuring a blank cover and dimensions of 150x110x70mm. Constructed from high-quality engineering plastic, it ensures durability and reliability. With an IP55 protection rating, it offers substantial resistance to dust and water ingress. The junction box accommodates cable entry of Ø29mm, facilitating efficient cable management. Its grey color provides a professional aesthetic suitable for various environments. Additionally, it meets the GW 650°C glow wire test, ensuring safety under high-temperature conditions. This junction box is a reliable choice for demanding electrical installations. |               |
